

Below is all the information you would need for living in Cambridge for the first time. But also always remember to use Google.

1. Get a Cambridge crsid and Internet connection.

After you have received the unconditional offer, you will be an official Cambridge student, and the first thing to do is to collect your crsid here:

<http://www.ucs.cam.ac.uk/accounts/crsid>

You will need it for your email (webmail.hermes.cam.ac.uk), your CAMSIS (for exam registration) and Moodle (for accessing course material), as well as Internet connection for eduroam (which is available in colleges and departments, and even in other Universities).

*Here is where you can collect the **Network access token**: (16 lowercase alphabetic characters) for eduroam: <https://tokens.csx.cam.ac.uk/>.*

For residents in certain countries you may need a VPN for accessing Facebook and Google Form. The good news is that Cambridge does provide a VPN.

<http://www.ucs.cam.ac.uk/vpn>

This can also be helpful if you want to access the University resources outside the University. (N.B. You will need to collect your Network access token for VPN, which requires a crsid, so get your crsid first.)

2. Travel to and within Cambridge

So here you are, standing in front of the exit of Airport. What next?

1) By train:

From London Heathrow Airport take Piccadilly line from Heathrow Terminals to King's Cross Station. Then train from King's Cross to Cambridge Station. Take a taxi/bus from Cambridge Station to College. (About 2 hours) (This is recommended for those who do not have a lot of luggage and have taken trains in UK before.)

From London Gatwick Airport take train to London Victoria Station, transfer by Underground to London King's Cross (Not recommended because King's Cross Station have lifts but Victoria Station does not! You will have to carry your luggage up the stairs!) (About 2.5 hours)

From London Stansted Airport take train directly to Cambridge Station (About 0.5 hour) (Very convenient, closest London Airport Terminal to Cambridge)

(N.B. A Young Person's Card can be purchased at Station with a photo and passport or online if you are aged between 16-25 years old. This gives you 1/3 off for trains. 1 year (£30) or 3 years (£70). It can be connected with an Oyster Card to give public transportation within London.

Also, if you are visiting London or areas around London, quite a few attractions provide a 2 for 1 offer if the train tickets are presented.

<https://www.daysoutguide.co.uk>

2) *By coach:*

National Express Coaches take you from London Airport Terminals to Cambridge City Centre, but it usually takes longer than train. Timetables can be found on www.nationalexpress.com. It is worth to purchase a 16-26 Young Persons Coachcard which gives 1/3 off. 1 Year (£10) or 3 Year (£25). Fares are usually cheaper when booked in advance.

3) *By Taxi*

Taxi can be booked online following the links below. It is the most convenient way if you come to UK for the first time and have a lot of luggage. You may ask if anyone else is arriving at the airport on the same day so you may share a taxi.

Panther Taxi Tel: 01223 715715

<http://www.panthertaxis.co.uk/>

CamCab Tel: 01223 704704

<http://www.camcab.co.uk/index.php/airports>

You may save these numbers for future use if you want to order a taxi in Cambridge.

3. Communication

The UK country code is +44, you can get a mobile phone with from one of the following operators: Giffgaff, Lycamobile, Lebara, EE, Three, O2. Usually members of an operator can make and receive free phone calls and texts from another member of the same operator. You may select a Monthly contract (esp. if you would like to get a new contract phone) or a Pay As You Go account. We will give out free SIM cards in the Freshers' Squash in the International Freshers' Week as well.

Many colleges provide their own landlines, and you will be informed by colleges about how to use them. However, as you may find out, WiFi coverage is reasonably good in university properties, so you can contact your family and friends with Skype and other social media.

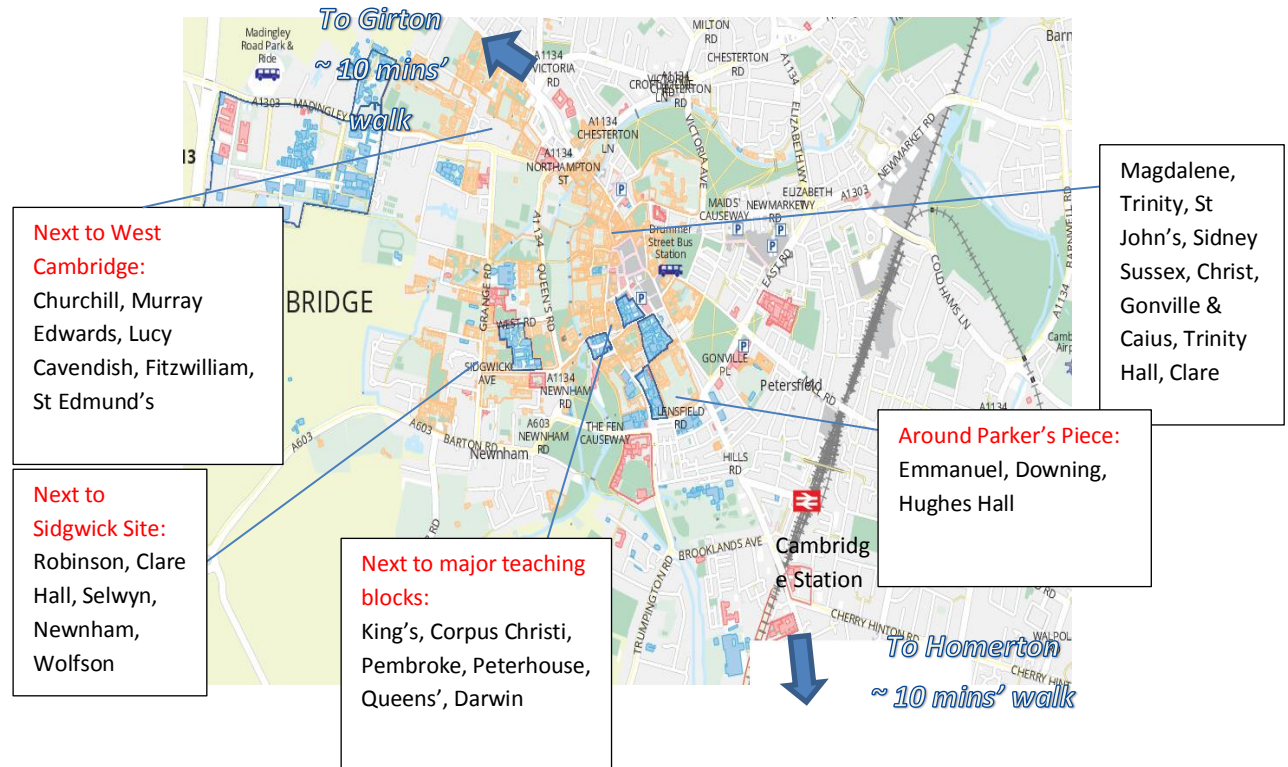

4. Accommodation and Finding your way around Cambridge.

All colleges in Cambridge provide accommodation to undergraduates, and will help graduates find accommodation in the city if they do not provide it. You may enquire your college about the earliest date of moving in. The International Freshers' Week assumes that most people arrive on 27th Sep (Tuesday), and for those whose colleges do not provide accommodation on the night of 27th Sep, you may book a B&B in one of the following colleges:

Sidney Sussex: <https://www.sid.cam.ac.uk/confer/accommodation/bookingindiv>

St Catherine: <http://www.caths.cam.ac.uk/conferences/bed-and-breakfast/make-booking>

Churchill: <https://www.chu.cam.ac.uk/conferences/services/bandb/>

Locations of colleges are shown in the map above. You may see for yourself where you and your friends are. Go to <http://map.cam.ac.uk> for more details. For most students we recommend booking Sidney Sussex if you would like to come earlier than the college move-in date, due to its central location and proximity to one of the largest supermarkets in City Centre. An alternative would be staying with a friend from colleges such as Sidney Sussex, Churchill, Newnham, Peterhouse, Jesus, which provide accommodation at an early date.

Alternatively, you may go to <http://www.booking.com/> to book for a double room if your parent(s) is staying with you.

5. Finance

If this is your first time long-term stay in UK, you might need a Bank Account. Some choices of banks include Llyods, HSBC, Barclays, NatWest, and Santander. You might want to check on their websites to see which one is better for you. Make an arrangement Online and ask the college to write you a letter of proof of address before you go to a bank. Also, a cheque book and Online Transaction Service come handy and could be required for free. Before that you could bring some cash to UK. A few hundred pounds would be sufficient for the first few weeks.

6. Health and Living

The weather in UK is notoriously bad, so bring/buy a good umbrella and/or a waterproof coat. Although the winter is cold, the lowest temperature is only a few degrees below 0 °C (nothing like Canada or Russia). So I would not remind you in particular to bring warm clothes unless you are from the equator.

It is usual for people to get Fresher's Flu during their first few weeks, when they face the change of environment both physically and mentally. Embrace it. Don't panic. Get good rest. Your college would help with your registration with the GP (i.e. medical service in UK), which can help if you have some serious diseases. Or you can go to your college nurse. It is recommended that you make a record of your GP. There is a University NHS Dental Practice near the Engineering Department, which provides free treatments for those aged below 19.

You may fill out an HC1 form (which can be collected from the Boots store on Sidney Street or Online) and post it to the NHS to apply for the NHS Low Income Scheme which covers:

NHS prescriptions

NHS dental treatment

Sight tests, glasses and contact lenses

Travel to receive NHS treatment

NHS wigs and fabric supports

Boots is the UK's leading pharmacy-led health and beauty retailer, where you can find medicine and domestic products, and print photos. A Boots Advantage Card gives you discounts. Similarly, you may ask for a similar membership card in most supermarkets, e.g. The Co-operative Food, Sainsbury's, Tesco, etc.

NUS extra from the National Union of Students gives you 10% off at The Co-operative Food, 5% off at Amazon and some restaurants and stores, and can be purchased via the link below. And I just found out that this year they provide a free one year International Student Identity Card (ISIC) which is good news for those who like to travel!

<https://cards.nusextra.co.uk/>

7. International Freshers' Week

"I would to hear more about life in Cambridge." "I would like to meet friends from my home country and friends from all over the world." "I would like to have some fun before starting a course in Cambridge!" "I would like to know where to buy my bike and clothes." ...

If you are accepted into Cambridge in Fall 2016 and are from another country, why not join us in our International Freshers Group on Facebook? We will feed you with latest updates on International Freshers' Week (a.k.a. IFW), and answer any doubt of yours in the discussion area. Registration for IFW is now OPEN, see the link below! Want to keep your doubt personal? Don't worry, head to our committee page to find out our email address and CRSid and send us emails! Looking for a tentative date to book your flight tickets? Check the IFW

schedule and you are welcome to join us in all our events; we are sure you will foster a lot of new friendships, have tonnes of fun, and learn the basics of being a Cantab!
